

FOR CONCRETE BLOCK & PAVER PRODUCERS

WHY SHOULD I JOIN CONCRETE PLANET?

**IF YOU OPERATE A BLOCK & PAVER FACTORY,
YOUR FACTORY SHOULD HAVE ACCESS TO THE WHOLE INDUSTRY.**

SELL WHAT YOU DON'T NEED. FIND WHAT YOU NEED. CONNECT TO THE INDUSTRY.

Concrete Planet connects your factory with other block factories worldwide and with the specialist suppliers that keep the industry running.

TURN DEAD STOCK INTO VALUE

Sell surplus spare parts, unused components and equipment instead of leaving valuable assets forgotten in storage.

SELL USED AND UNUSED MOULDS

Moulds you no longer use still have value to other block factories operating matching equipment.

Sell them. Recover value. Put them back to work.

SOLVE BREAKDOWNS FASTER

When production stops, search the whole industry - not only your normal supplier network.

The part you need already exists somewhere in the industry.

Reach factories and suppliers holding new, used and surplus components and get your production moving again faster.

FIND OBSOLETE & DISCONTINUED PARTS

Keep older plants running when original parts are no longer produced.

Source discontinued components from other block factories worldwide.

BUY & SELL USED PLANTS AND EQUIPMENT

Buy or sell complete block & paver factories, production machines, moulds and equipment.

Find machinery, moulds, components, spare parts and production equipment available with other factories and suppliers worldwide.

Turn idle equipment into value. Find your next plant worldwide.

POST WHAT YOU NEED - LET THE INDUSTRY RESPOND

Publish a Wanted / RFQ and let relevant block factories and suppliers come to you.

WHAT IS DEAD STOCK TO ONE FACTORY IS VALUABLE TO ANOTHER.

WHAT ONE FACTORY NO LONGER NEEDS CAN KEEP ANOTHER FACTORY RUNNING.

ACCESS MORE SUPPLIERS. GET MORE OFFERS. REDUCE COSTS.

Reach beyond the suppliers you already know. Post a Wanted / RFQ and receive multiple offers from industry suppliers worldwide.

More supplier choice. Easier procurement. Better prices.

FIND SPECIALIST SERVICES

Find electrical and mechanical service, repair, refurbishment, modernization, inspection, installation, relocation, commissioning and other specialist support.

CONNECT WITH OTHER BLOCK FACTORIES WORLDWIDE

Other block factories operate similar machines, use similar components and face the same production challenges.

Make the global producer community part of your network.

SHARE KNOW-HOW. LICENSE PRODUCTS. CREATE NEW OPPORTUNITIES.

Connect with producers offering proven products, manufacturing know-how and successful concepts.

Explore licensing, regional production partnerships and producer-to-producer cooperation - or create new revenue by bringing your own successful products and know-how into new markets.

GIVE MACHINERY, MOULDS & COMPONENTS A SECOND LIFE

SELL IDLE ASSETS. RECOVER VALUE FOR YOUR FACTORY. KEEP ANOTHER FACTORY PRODUCING.

YOUR PRIVACY REMAINS IN YOUR CONTROL

Participate discreetly.

Block factories are initially identified only by username and country. You decide when to reveal your company identity and engage directly with another party.

**MORE SOURCING OPTIONS. LESS DOWNTIME. MORE VALUE FROM YOUR INVENTORY.
MORE CONNECTIONS ACROSS THE INDUSTRY.**

**WHAT YOU NO LONGER NEED HAS VALUE TO ANOTHER BLOCK FACTORY.
WHAT ANOTHER BLOCK FACTORY NO LONGER NEEDS HAS VALUE TO YOU.**

THAT IS THE POWER OF CONNECTING THE INDUSTRY.

FROM PRODUCERS FOR PRODUCERS

BUY. SELL. SOURCE. CONNECT.
